Neonatal Update 2017

"the science of newborn care"
27 November - 1 December 2017

Neonatal Update *"the science of newborn care"* has an international reputation for delivering a unique and innovative programme that combines cutting-edge science with state-of-the-art clinical practice. The speakers are global leaders in their field and will take you into the future of newborn care.

Course Director: **Neena Modi**, Professor of Neonatal Medicine
Imperial College London

Associate Director: **Vimal Vasu**, Consultant in Neonatal Medicine
East Kent Hospitals University NHS Foundation Trust

CPD: Approved by the Royal College of Paediatrics
and Child Health

To be held at: BMA House, Tavistock Square, London, WC1H 9JP

Enquiries: The Symposium Office
Tel: +44 (0)20 7594 2150 Fax: +44 (0)20 7594 2155
Email: sympreg@imperial.ac.uk
Full details and secure online registration:
www.symposia.org.uk

Monday, 27 November

- 09:30 Not just snakes and ladders: board games for better health and other innovations in low resources settings
Professor Dame Tina Lavender, University of Manchester
- 10:30 Climate change, air pollution and infant health
Professor Jonathan Grigg, Queen Mary University of London
- 11:30 Coffee
- 12:00 Sex differences in early-life programming of the hypothalamic-pituitary-adrenal axis in humans
Professor Rebecca Reynolds, University of Edinburgh
- 13:00 Lunch
- 14:00 Intestinal motility disorders in infancy
Professor Marc Benninga, Emma Children's Hospital, Amsterdam
- 15:00 Filtered sunlight, solar-powered phototherapy and other stratagems for managing jaundice in low-resource settings
Professor Tina Slusher, University of Minnesota
- 16:00 Tea
- 16:30 Risk factors for dental problems: recommendations for oral health in infancy
Dr Yvonne Wagner, Jena University Hospital
- 17:30 Welcome reception

Tuesday, 28 November

- 09:00 How are medicines developed?
Professor Alan Boyd, University of Birmingham
- 10:00 Better medicines for neonates: improving drug development, testing, and prescribing
Professor Karel Allegaert, University Hospitals Leuven
- 11:00 Coffee
- 11:30 Helping parents and children to avoid being misled about treatment claims
Dr Andy Oxman, Norwegian Institute of Public Health, Oslo
- 12:30 Lunch
- 13:30 Protein intake in infancy and childhood obesity
Professor Berthold Koletzka, University of Munich
- 14:30 The role of fetal movements in healthy development of the bones, joints and spine
Dr Niamh Nowlan, Imperial College London
- 15:30 Tea
- 16:00 THE DAVID HARVEY LECTURE
A brief history of neonatology
Professor Kate Costeloe, Homerton University Hospital, London
- 17:00 End of day

Wednesday, 29 November

- 09:00 Viral infections and the neonatal brain
Professor Linda de Vries, UMC Utrecht
- 10:00 Young Investigator Prize Presentations
- 11:00 Coffee
- 11:30 Sequencing the newborn genome: future hazard or hope?
Professor Robert Green, Brigham and Women's Hospital, Boston

Wednesday, 29 November - cont.

12:30 How infant formula is developed

*Professor Eline van der Beek, University of Groningen
and Early Life Development, Nutricia Research*

13:30 Lunch

14:30 Masterclasses* (choice of):

1. Less Invasive Surfactant Administration: Chiesi Ltd

2. Cerebral Function Monitoring: *Professor Linda de Vries*

15:30 Tea

16:00 Masterclass*: [Repeat of above]

17:30 End of day

* NB These groups are limited to 20 people per group and need to be booked additionally. There is a small supplementary charge of £20 per workshop/masterclass. Those not attending a masterclass have a free afternoon.

Thursday, 30 November
